HOW AN EVENT WORKS

01

THE BRIEF

Send the date, venue, product and approximate quantity.

02

SAMPLE APPROVAL

We test the exact material, finish and engraving layout.

03

ON-SITE DELIVERY

We set up and personalise pre-approved items live.

We can source suitable items and pre-apply company branding, then add individual names on site. Stock and pre-event production are scoped and quoted separately.

More personalisation possibilities

Selected pieces and finishes from our studio work.

Engraved crystal gift keyring

Sample product with personalised names and decorative marking.

Metal, slate and branded gifting

Examples of metal marking and presentation-led product finishing.

PRESENTATION NOTE

The featured products are based on genuine BVLS work. Selected photographic settings have been digitally restyled for presentation. These images do not depict a previous live engraving event.
